

- This example represents a one-layer ownership structure. Depending on the complexity of the company's structure, there might be additional layers that need to be represented.
- Please feel free to amend the example according to specific needs.
- A shareholder is an individual or entity that owns shares in a company.
- The Ultimate Beneficial Owner (UBO) is the natural person who ultimately owns or controls a company.
- Make sure to list all shareholders and ultimate beneficial owners of the company.

Company [insert company's name] Shareholder Structure

Note: the shareholders' structure must be sealed (where having a seal is regulated by law) and signed by the company director.
